

Safari Hints

To view Arion student correspondence using Safari as your web browser, you will need to disable the Adobe PDF Plugin.

You can easily do this by following the steps below:

- 1) Quit Safari – select "Quit Safari" from the Safari menu or press Command+Q on the keyboard.
- 2) Launch Adobe Reader. In Preferences → Internet, make sure "Display PDF in browser using:" is unticked (see below). Then click on "OK".
- 3) Relaunch Safari and the PDF should now be viewable using Safari's native PDF viewer.
